### • GPA Requirements for Graduate Students

- In order to earn a graduate degree, a student must achieve both a cumulative GPA of 3.0 or higher for all graduate courses listed on the plan of study and cumulative GPA of 3.0 or higher in all coursework taken at Missouri S&T. In order to earn a graduate certificate, a student must achieve a cumulative GPA of 3.0 or higher in the courses approved for the certificate. On any plan of study or certificate program, no substitution may be made for a course in which the student has earned less than a B grade.

All graduate students are encouraged to maintain at least a 3.0 cumulative GPA at all times, and certain departments may even require this minimum GPA. In cases where a graduate student repeats a course, both the original and repeat grades will be used in calculating the student's GPA, and both will appear on the student's transcript.

If the semester ~~graduate~~ GPA falls below 3.0 the student will be placed on probation for the following semester. If the ~~graduate semester~~ GPA is not 3.0 or above in the following semester that coursework is taken, the student shall no longer be a candidate for a graduate degree or certificate from Missouri S&T.
